The New Zealand Journal of Agriculture.

Volume 56.

(January–June, 1938.)

INDEX.

A.

Acland, H. D.—Congratulatory Message, 8.
Agricultural: Departmental Vote, 19.
Agricultural Workers Extension Order 1938, 159.
Agricultural Workers, Remuneration of, 440.
Agriculture: Departmental Organization and Functions, 11.
Agriculture, Founders of Modern, 75, 143, 218, 298, 399, 487.
Agrosan and Ceresan, Trials of, 162.
Allo, A. W.—
  Growing of Onions for Seed, 236.
  Top-dressing in Canterbury, 454.
Answers to Inquiries, 77.
Apiary Notes (Monthly), 63, 133, 207, 284, 373, 468.
Apples and Pears, Export of: Government Guarantee, 1938, 95.
Assistant Director-General, 115.
Arnold, E. H.—
  Eradication of Rushes, 274.
  Liming of Pastures, 185.
  Planting Farm Shelter in Northern Wairoa, 327.
Artificial Respiration, 142.
Auckland Pastures, Management of Paspalum in, 49.
Autumn-sown Pastures, Management of Young, 359.
Autumn Sowing of Grass-seeds, 44.
Autumn Top-dressing in Bay of Plenty, 189.
Autumn and Winter Feeding of Dairy Heifers, 222.

B.

Bacon Pigs, Carcass Quality of, 79.
Baconer Pigs, Grading of, 299.
Baconers and Porkers: Adjusting Numbers to Feed-supply, 419.
Bakewell, Robert, 143.
Ballinger, C. E.—
  Crops for Wintering Store Pigs, 268.
  Grading of Baconer Pigs, 299.
  Pig-feeding Experiments at Ruakura, 37.
  Winter Feeding of Sows, 422.
Beattie, D. G., and Scott, M. J.—Produce Good Litters, 331.
Bell, J. E.—
  Cabbages and Cauliflowers for Winter Supply, 274.
  Management of Young Autumn-sown Pastures, 359.
  Preparation of Ground for Early Potatoes, 268.
  Sowing of Onion Seed for Transplanting, 193.
  Transplanting Autumn-sown Onions, 451.
  Truck Farming at Pukekohe, 111, 178, 247, 339.
Barley (Malting), Grading of, 169.
Barley: Injury at Threshing, 170.
Barley-prices, 1937–38, 170.
Bay of Plenty, Autumn Top-dressing in, 189.
Bay of Plenty: Top-dressing Trials, 53.
Bates, E. M.—Regrassing Silted Areas, 313.
Blackberry Control by Crushing, 273.
Blackmore, L. W.—
  Liming in Central Canterbury, 437.
  Ragwort in Canterbury, 264.
Blair, W. D.—Navel Ill in Foals, 319.
Bloat, Insurance against Feed Flavour, Late Spring, and, 323.
Blyde, J. N.—Outstanding Butterfat Production, 225.
Bayley, H. A.—Labour-saving Device for Pig-feeding, 422.
Boxthorn in Taranaki, 196.
Brown, W. T.—
  Care of Farm Implements, 357.
  Concrete Water-troughs, 235.
Brown-top-seed Certification, 195.
Brown-top-seed, Harvesting, 351.
Butland, J. R.—Congratulatory Message, 7.
Butter, Influence of Salt on the Flavour of, 41, 100.
Butterfat Production, Outstanding, 225.

C.

Cabbages and Cauliflowers for Winter Supply, 274.
Cabbages, Insect Pests in, 124.
Calder, G. G.—
  Contour Race System, 361.
  Watering of Dulled Crops, 200.
Californian Thistle, 186.
Canterbury, Ragwort in, 264.
Canterbury, Top-dressing in, 453.
Caseous Lymphadenitis in Sheep: Methods of Control, 91.
Central Canterbury, Liming in, 437.
Ceresan and Agrosan, Trials of, 162.
Certificate-of-record Review, 1937, 241.
Certified Seed-potatoes: Provisional Certificates, 1937–38, 390.
Claridge, J. H.—
  Certified Rye-grass Seed, 99.
  Seed-potato Certification, 385.
  Seed-wheat Certification, 177.
Clearing Stone from Volcanic Soils, 358.
Citrus Notes (Monthly), 58, 129, 202, 280, 365, 461.
Citrus Pests: (1) Dicky Rice Weevil, 345.
Clover (White), Benefit of, 124.
Clover Establishment in North Auckland, 121.
Clover (White), Importance of, 183.
Clover, Importance of, 117.
Clover in Otago Pastures, 47.
Clover (White), Suppression of, 265.
Concrete Water-troughs, 235.
Cobalt: Relationship to Health of Farm Animals, 21.
Cobalt Top-dressing for Bush Sickness, 356.
Cobalt, What is, 155.
Cocksfoot in Pastures, Establishment of, 267.
Cocksfoot, Seed-production of New C 23 Strain, 455.
Coke, Thomas, 298.
Congratulatory Messages, 3.
Connell, R. P.—
  Some Principles of Cropping, 321.
  Role of Subterranean Clover, 233.
Contour-race System, 361.
Cool Storage of Fruit, 343.
Cool Storage of Fruit (Monthly Notes), 369, 467.
Cottier, W.—Citrus Pests: (1) Dicky Rice Weevil, 345.
Cover Design, 71.
Cow-sheds, Improved Stools for, 353.
Cows, Seasonal Feeding of, 174.
Cow's Udder, Care in Washing of, 452.
Cropping, Some Principles of, 321.
Crops: Autumn-sown Green-feed, 190.
Crops (Nurse) in Southland, 194.
Crops for Wintering Store Pigs, 268.
Cultivation, Good Crop Repays Thorough, 352.
Cussen, C. J. C.—Poultry-keeping Section (Monthly Notes), 65, 134, 209, 286, 375, 471.

D.

Dairy Division: Functions, 15.
Dairy-farms, Sheep on, 45.
Dairy Industry, History of New Zealand (Review), 78.
Dairy Herd: Seasonal Feeding, 118.
Dairying without Root Crops, Hay, or Silage, 187.
Dalgliesh, C. S.—
  Good and Poor Ploughing on Light Soils, 453.
  Pasture-sward Improvement, 195.
Davies, J. E.—
  African Boxthorn in Taranaki, 196.
  Californian Thistle, 186.
Dayus, C. V.—
  Flame-throwers, 222.
  Vaccination of Ewes against "Pulpy Kidney," 25.
Department of Agriculture: Organization and Functions, 11.
Dicky Rice Weevil, 345.
Doyle, H.—Foot-rot in Sheep, 429.
Drains, Cleaning "Duck-weed" from, 457.
Drains, Fascine, 269.
Duncan, T. A.—Congratulatory Message, 5.
Duncan, J. E.—Rugging of Flock Sheep, 409.

E.

East Coast Floods: Regrassing Silted Areas, 313.
Earp, E. A.—Apiary Notes (Monthly), 63, 133, 207, 284, 373, 468.
Elliott, A. G.—
  Dairying without Root Crops, Hay, or Silage, 187.
  Outstanding Butterfat Production, 225.
Erosion in North Auckland, 119.
Esk Valley: Reclaiming Fences, 433.
Everett, P.—Citrus Culture (Monthly Notes), 58, 129, 202, 280, 365, 461.
Ewe Flock, Feeding the, 123.
Ewes on North Island Fat-lamb Farms, Management of, 270.

F.

Facial Eczema in Sheep, 97.
Faithful, W.—Top-dressing in Southland, 186.
Faithful, W. C.—Winter Feeding in Southland, 271.
Farm Home and Kitchen (Monthly Notes), 484.
Farm Practice and Management, 44, 117, 183, 263, 350, 450.
Farming, Factors in Successful, 36, 105, 166, 250, 333, 444.
Fascine Drains, 269.
Fat-lamb Farms in North Island: Management of Ewes, 270.
Fat Lamb Production in the Waikato, 120.
Fawcett, E. J.—Position of Primary Industries in New Zealand, 31.
Feed Flavour, Grazing and, 48.
Feed Flavour, Insurance against Bloat, Late Spring, and, 323.
Feed (Stock), Supplementary, 417.
Feeding of Dairy Heifers, Autumn and Winter, 222.
Feeding the Ewe Flock, 123.
Feeding, Litter, 122.
Feeding (Winter) of Young Stock, 350.
Fences: Reclaiming from Silt in Esk Valley, 433.
Fertilizer Returns (Half-yearly), 1937, 172.
Fescue (Tall), Eradication of, 220.
Fields Division, 16.
Filmer, J. F.—Doctorate conferred, 456.
Financial Aid to Farmers, 19.
Fitch, L. W. N.—Fowl Leucæmia, 259.
Flame-throwers, 222.
Flavour, Grazing and Feed, 48.
Flock House: Training of Boys, 229.
Flood Damage: Regrassing Silted Areas, 313.
Foals, Navel Ill in, 319.
Food: Fads and Fallacies, 484.
Foot-rot in Sheep, 429.
Forde, H. I.—Review: "A History of the New Zealand Dairy Industry," 78.
Founders of Modern Agriculture, 75, 143, 218, 298, 399, 487.
Fowl Leucæmia, 259.
Foy, N. R.—Seed Trade, 347.
Fruit Control Board Elections, 467.
Fruit, Cool Storage of, 343.
Fruit, Cool Storage (Monthly Notes), 369, 467.
Fruit Regulations, New-Zealand-grown, 237.
Fumigation Charge reduced, 349.

G.

Gateways, Eliminating Mud from, 458.
Giant Rape, Certified, 125, 271.
Glanville, E. B.—
  Arresting Sand-drifts, 272.
  Clearing Stone from Volcanic Soils, 358.
  Grassing of Reclaimed Tidal Flats, 219.
Grass-seeds, Autumn Sowing of, 44.
Grass, Growing Winter, 191.
Grass Staggers and Milk-fever, 401.
Grassing of Reclaimed Tidal Flats, 219.
Grazing and Feed Flavour, 48.
Greenall, A. F.—
  Cultivation and the Potato Crop, 193.
  Pasture Mixtures, 255.
Green-feed Crops, Autumn sown, 190.
Grimmett, R. E. R., and Hopkirk, C. S. M.—See Hopkirk, C. S. M., and Grimmett, R. E. R.
Gum Land: Cultivation before Grassing, 52.

H.

Hadfield, J. W., Smith, J. M., and Woodcock, J. W.—Characteristics of Resistance Oat, 27.
Hambly, C. J.—Paspalum in North Taranaki, 221.
Harbord, W. L.—
  Rust-free Oat, 249.
  Liming in Southland, 439.
Harrowing (Autumn) of Pastures, 221.
Hay in the Fields, Pressing, 359.
Hay-stacks, Covering of, 120.
Health Notes (Monthly), 72, 141, 216, 295, 383, 481.
Heifers, Autumn and Winter Feeding, 222.
Herd-testing of Purebred Dairy Cows, 1936–37, 153.
Hill, R. P.—
  Cleaning "Duck-weed" from Drains, 457.
  Eradication of Niggerhead or Giant Toe-toe, 275.
  Reclaiming Fences from Silt in Esk Valley, 433.
Hill Pastures, Retrieving Poor, 351.
Hyde, E. O. C.—Germinating Capacity of Italian Rye-grass Seed, 357.
Hyde, W. C.—Vegetables, Small Fruits, and Flowers (Monthly Notes), 60, 131, 204, 281, 370, 465.
Hygiene, Importance of, 383.
Honey, Marketing of, 285.
Honey, Packing, Branding, and Consigning, 285.
Hopkins—Autumn Harrowing of Pastures, 221.
Hopkirk, C. S. M., and Grimmett, R. E. R.—Importance of Cobalt, 21.
Hopkins, J. M.—Winter Feeding of Young Stock, 350.
Horticulture Division, 19.
Horticultural Instruction (Monthly Notes), 57, 128, 201, 279, 363, 459.
House Fly, 72.

I.

Implements, Care of, 357.
Implements, Wintering of, 195.
Irrigation: Carriage of Water, 127.
Irrigation: Contour Race System, 361.
Irrigation: Cost to Farmer, 55.
Irrigation, Lucerne under, 276.
Irrigation Areas: Necessity for Water, 55.
Irrigation of Potatoes, 126.
Irrigation: Preparation of Land, 197.
Irrigation Areas, Section for, 55, 126, 197, 276, 361.
Irrigation: Strike of Root Crops, 56.
Irrigation: Watering of Drilled Crops, 200.
Italian Rye-grass Seed, Germinating Capacity of, 357.

K.

Knowles, A. E.—Congratulatory Message, 6.

L.

Leitch, C. C.—
  Establishment of Cocksfoot in Pastures, 267.
  Handling of the Potato Crop, 423.
Leucæmia, Fowl, 259.
Lime and Lucerne, 246.
Lime in Marlborough, Necessity for, 273.
Lime, Phosphates, and Potash for Top-dressing, 46.
Liming in Central Canterbury, 437.
Liming in Nelson, 436.
Liming in North Canterbury, 436.
Liming in Marlborough, 435.
Liming in South Canterbury, 437.
Liming in Southland, 439.
Liming in South Island, 435.
Liming in West Coast (South Island), 438.
Liming of Pastures, 185.
Litter-feeding, 122.
Litters, Produce Good, 331.
Litters, Winter Feeding of Autumn, 360.
Live-stock Division Activities, 11.
Lobb, W. R.—Blackberry Control by Crushing, 273.
Loose Smut in Wheat, 79.
Lotus Major Seed, Production of, 119.
Lowe, C.—Tobacco Culture (Monthly Notes), 58, 130, 206, 369, 463.
Lucerne under Irrigation, 276.
Lucerne and Lime, 246.
Lucerne in North Otago, Value of, 173.

M.

McGillivray, R.—Liming in West Coast, 438.
McIlwaine, J. E.—
  Facial Eczema in Sheep, 97.
  Parasites of the Pig in New Zealand, 303.
McKay, J. G.—
  Lime and Lucerne, 246.
  Method of Potato Planting, 266.
  Supplementary Stock-feed, 417.
  Weeds in Seedbed, 267.
McLaren, W. F.—Congratulatory Message, 9.
McNaught, K. J.—What is Cobalt, 155.
Maize: Cleaning up Crops with Sheep, 221.
Maize as a Farm Crop, 355.
Maize, Head Smut in, 184.
Maize, New Insect Pest of, 79.
Maize-seed Selection on the Farm, 354.
Manawatu, Pampas Grass in, 49.
Manuring of Potatoes, 389.
Marlborough, Liming in, 435.
Marlborough, Necessity for Lime in, 273.
Marsden, Samuel, 425.
Marshall, D.—Grass Staggers and Milk-fever, 401.
Marryatt, E. R.—
  Care in Washing Cow's Udder, 452.
  Growing Winter Grass, 191.
  Insurance against Feed-flavour, Bloat, and Late Spring, 323.
Martin, the Hon. W. Lee—Congratulatory Message, 4.
Mastitis, Management of, 145.
Meredith, H. H.—Congratulatory Message, 10.
Merry, D.—Liming in Nelson, 436.
Milk-fever and Grass Staggers, 401.
Milk for School-children: Hygiene Aspect, 141.
Miller, J. A. S.—
  Certified Giant Rape, 271.
  Liming in South Canterbury, 437.
Modern Agriculture, Founders of, 75.
Morrison, A. E.—
  Agricultural Workers' Extension Order 1938, 159.
  New-Zealand-grown Fruit Regulations, 237.
  Onion Regulations, 161.
  Price of Raw Tobacco, 368.
  Remuneration of Agricultural Workers, 441.
  Sale of Superphosphate, 157.
  Share-milking Agreements Act, 239.
Morton, Arthur—Congratulatory Message, 10.
Mosquito Control, 216.
Moss, E.—Fascine Drains, 269.
Mulholland, W. W.—Congratulatory Message, 8.
Murdoch, J. A.—Congratulatory Message, 5.

N.

Navel Ill in Foals, 319.
Nash, A. S.—
  Liming in North Canterbury, 436.
  Manuring of Potatoes, 389.
  Seed Production of New C 23 Strain Cocksfoot, 455.
Nash, The Hon. W.—Congratulatory Message, 4.
Nectar-producing Flora in North Auckland, 469.
Nectar-supply and Spring Conditions, 1937–38, 103.
Neill, J. C.—Trials of Agrosan and Ceresan, 162.
Nelson, Liming in, 436.
New-Zealand-grown Fruit Regulations, 237.
Niggerhead or Giant Toe-toe, Eradication of, 275.
North Auckland, Clover Establishment in, 121.
North Auckland, Soil Erosion in, 119.
North Canterbury, Liming in, 436.
North Otago, Value of Lucerne in, 173.
North Taranaki, Paspalum in, 221.
North Taranaki, Potash in, 117.
Northern Wairoa, Planting Farm Shelter in, 327.
Nurse-crops in Southland, 194.

Oat, Rust-free, 249.
Onions and Potatoes, Harvesting of, 120.
Onion Regulations, 161.
Onions for Seed, Growing of, 236.
Onion-seed for Transplanting, Sowing of, 193.
Oats, Transplanting Autumn-sown, 451.
Orchard, The (Monthly Notes), 72, 138, 201, 279, 363, 459.
Otago Pastures, Clover in, 47.

P.

Pampas Grass, Growing of, 231.
Pampas Grass in the Manawatu, 49.
Paspalum in Auckland Pastures, Management of, 49.
Paspalum, Establishment of, 188.
Paspalum in North Taranaki, 221.
Pastures, Autumn Harrowing of, 211.
Pastures, Establishment of Cocksfoot in, 267.
Pasture Improvement, Plough and Profitable, 90.
Pasture-sward Improvement, 195.
Pastures, Liming of, 185.
Pasture Management, Importance of Good Seed in, 263.
Pastures, Management of Young Autumn-sown, 359.
Pasture Mixtures, 255.
Pastures, Retrieving Poor Hill, 351.
